

## EMS Educational Partnership 2007 End of Year Report

EMS Chief,

First I would like to thank you and your agency for considering **EMS Educational Partnership** for your training needs in 2007. Since 1999 we have grown in size to become one of the **largest training agencies** in the State of Ohio. We obviously could not have reached this status without you, our valued training customer.

These are some of our year-end statistics for your consideration:

- ✓ **743** - Number of EMS offerings delivered in 2007
- ✓ **2801** - Number of actual hours of EMS instruction –
- ✓ **47** - Number of Different Instructors teaching for EEP

As you can see we have been very busy helping to keep EMS and Fire Professionals throughout southwest & south-central Ohio up to date. We pride ourselves in delivering current educational material that meets the guidelines established by the State of Ohio Division of EMS. We are also proud of the dedication and knowledge of our instructors.

As we observed current trends in the State, we realized that a new educational need has arisen. In the effort to be the **total training solution** for our customers, we have now delved into the area of **Fire Continuing Education**. We were able to deliver numerous Fire Topics with great feedback. We have a great group of **Fire Instructors** that are eager to share their knowledge and deliver the same **quality education** that you have come to expect from EEP. Remember that The State of Ohio will have **continuing education requirements** in place soon for **Firefighters**. Please consider us for some of your Fire Training needs in 2008.

These are some of the Fire Courses we offered in 2007:

- ✓ Auto Extrication Technician
- ✓ Rope Rescue Operations
- ✓ Incident Fire Safety Officer (OFA Outreach)
- ✓ Haz-Mat w/WMD Operations (OFA Outreach)
- ✓ We also delivered over **30** hours of Fire Continuing Education

Please contact us to help fill those holes in your department training schedule for 2008. You can also utilize the provided worksheet. If you have any questions, please contact us.

We look forward to continuing as your **“Partner in EMS and Fire Education”**.

Thank You,

**Jason Kinley, President**

## 2008 Planning Information

I have included in this packet the **2008** training topics for **Fire and EMS**, as well as the **2008 price list**. The only change you will notice on the pricing is the slight increase of the hourly rate, unfortunately this is due to the increase in fuel prices. As our niche has been our ability to provide your training at your department, this obviously requires our instructors to travel. The impact of the rising fuel prices is definitely being felt by the instructors. This slight rate increase will hopefully soften that blow. The **2008 hourly rate** will be **\$60.00 per hour**. In acknowledgment of your continued patronage, you have the opportunity to lock in the 2007 hourly rate if you schedule your classes prior to January 1<sup>st</sup>. So get your dates in early enough and we will honor the 2007 hourly rates.

As far as EMS topics, there are not many changes. We continually update the current lectures to stay consistent with the guidelines and local protocols. We are always interested in developing new topic areas. Please contact us with any new training topics you may be interested in.

We are definitely gaining momentum with the **fire training** topics. We have brought on some of the best **Fire/Rescue Instructors** in the **Miami Valley** and they are anxious to assist with your training needs. Whether it is Truck Operations, Managing the MayDay, or basic ICS Classes we have the perfect instructor available. Please consider us when planning your fire training calendar also. We have included a Fire Training List as well ...but once again we are open to new topics and ideas. Remember that the state will require Fire recertification in the near future.

I would also like to explain our **CPR Training Program**. We are an **ASHI** (American Safety and Health) Training Center and currently support several departments with their annual training needs. We can help you get your own instructors and provide you with all of the support to run your own **BLS, ACLS, and PALS Training Programs** in-house. Basically, with our assistance, you can have a local training site. All services are Ala-Carte .... If you need to borrow mannequins for a Community CPR Class, we have those available. We can order the cards, loan you books, and also AED Trainers. Additionally, we sell the Phillips Onsite AED's for \$995.00 ..... this price will not be found anywhere else. So keep us in mind when you need assistance with your CPR Training Programs and Community AED Placement.

In closing I just want to thank you once again, and wish you a **Safe and Happy Holiday Season**. I look forward to continuing the relationships we have developed and finding new and innovative ways to help keep your EMS and Fire Training delivery at it's best.

Thank You,

**Jason Kinley, President**

# 2008 Course Catalog

## EMS Training

### Nationally Provided Courses

- Initial 12 Lead ECG
- GEMS Course (BLS) (ALS)
- CPR For Healthcare Professionals
  - Adult
  - Pediatric
- PALS Initial / Refresher
- PEPP Course (BLS) (ALS)
- ACLS Initial / Refresher

### Trauma Series

- Abdominal Emergencies
- Burns / Soft Tissue Injuries
- Chest Injuries
- Neurological Trauma
- START Triage / Mass Casualty
- Musculoskeletal Injuries
- Pool Emergencies
- Trauma Patient Assessment
- Management of Shock
- Adult I/O – Any device
- **Trauma Triage Review**
- Pre-Hospital Management of Traumatic Brain Injury

### Airway Management Series

- Basic Airway Management
- Advanced Airway Management
- Difficult Airway Lab
- Sedate to Intubate In-Service
- Capnography
- Carbon Monoxide Poisoning (1 hour)
- CPAP
- Pig Lab

### Cardiac Series

- Cardiac Emergencies
- Cardiology / Megacode
- Pharmacology Review
- Acute Coronary Syndromes
- BLS / AED

### 12 Lead EKG Series

- 12 Lead Review – Acute Coronary Syndromes
- 12 Lead Review – AMI Localization
- 12 Lead Review – BBB and Imitators
- 12 Lead Review – Experienced Providers
- 12 Lead Review – Advanced Interpretation

### Geriatric Series

- Advanced Directives/End-of-Life Issues
- Geriatric Assessment
- Geriatric Emergencies
- Geriatric Jeopardy
- Geriatric Pharmacology
- Geriatric Trauma

### Pediatric Series

- Pediatric Case Studies
- Pediatric Airway Management
- Pediatric Trauma
- Pediatric Medical Emergencies
- Pediatric Jeopardy

### Medical Series

- Altered Mental Status
- Brain Attack
- Overdose / Club Drugs
- Respiratory Emergencies
- Environmental Emergencies
- Endocrine Emergencies
- Behavioral Emergencies
- OB / GYN

### General EMS Series

- Patient Assessment/Critical Thinking
- Documentation and Ohio Reporting (EMSIRS 1&2)
- Medical / Legal
- Blood Borne Pathogens
- EMS Jeopardy
- Ethical Issues in EMS
- Sexual Assault / Crime Scene
- Fireground Rehab With Cyanide Info
- Rural Rescue
- Patient Restraint
- BLS assisting the ALS Provider (4-6 hrs)

### CPR Administrative Costs

OSHE will provide the administrative support for all of your CPR/AED Training needs. Costs to conduct community CPR/AED courses will vary based on your agencies specific needs. Below, I have listed the common solutions and costs.

Option #1 – Your agency provides Instructor / Equipment and does all coordination.

Each Student receives their own book to keep and a Course Completion Card. We maintain all records on file and print the cards.

**Cost is \$10.00 per student**

Option #2 – Your agency provides Instructor / Equipment and does all coordination.

We provide loaner books for the students to use during the class. We print the cards and maintain all records.

**Cost is \$7.00 per student**

We also have CPR Mannequins and AED Trainers available to use for your classes.

Adult/Child Mannequin Rental – 5 Pack	\$25.00 per class
Pediatric Mannequin Rental – 5 Pack	\$15.00 per class
AED Trainer	\$15.00 per class
CPR Micro-shields	Included with Mannequin Rental

We also have instructors available to assist if needed. Please call us for additional needs.

# AED Specials

Prices good thru January 2008

**HeartStart Onsite**

**\$995**

**\$1495**

**HeartStart FRx**

**Training Customer Discount—All AED Trainers are 15% OFF**
